Contents of Volume 20

Number 1, January 1985

Keyword List i

Pingree, R. D., Mardell, G. T. and Maddock, L., Tidal mixing in the Channel Isles region derived from the results of remote sensing and measurements at sea 1

Bedford, A. P. and Moore, P. G., Macrofaunal involvement in the sublittoral decay of kelp debris: the sea urchin *Psammechinus miliaris* (Gmelin) (Echinodermata: Echinoidea) 19

Spaulding, M. L., Reed, M., Anderson, E., Isaji, T., Swanson, J. C., Saila, S. B., Lorda, E. and Walker, H., Oil spill fishery impact assessment model: sensitivity to spill location and timing 41

West, J. R. and Shiono, K., A note on turbulent perturbations of salinity in a partially mixed estuary 55

Houde, E. D. and Lovdal, J. D. A., Patterns of variability in ichthyoplankton occurrence and abundance in Biscayne Bay, Florida 79

Heath, D. J. and Khazaeli, A. A., Population dynamics of the estuarine isopod *Sphaeroma rugicauda* 105

Number 2, February 1985

Bedford, A. P. and Moore, P. G., Macrofaunal involvement in the sublittoral decay of kelp debris: the polychaete *Platynereis dumerilli* (Audouin and Milne–Edwards) (Annelida: Polychaeta) 177

Gabrielson, J. O. and Lukatelich, R. J., Wind-related resuspension of sediments in the Peel–Harvey estuarine system 135

Uncles, R. J., Elliott, R. C. A. and Weston, S. A., Observed fluxes of water, salt and suspended sediment in a partly mixed estuary 147

Mukai, T. and Takimoto, K., Effects of environmental gradients concerning water qualities on the structure of the phytoplankton community in the coastal sea 169

FIGUERES, G., MARTIN, J. M., MEYBECK, M. and SEYLER, P., A comparative study of mercury contamination in the Tagus estuary (Portugal) and major French estuaries (Gironde, Loire, Rhone) 183

GORDON, JR., D. C., CRANFORD, P. J. and DESPLANQUE, C., Observations on the ecological importance of salt marshes in the Cumberland Basin, a macrotidal estuary in the Bay of Fundy 205

NOTES AND DISCUSSIONS

BLACKMAN, D. L., New estimates of annual sea level maxima in the Bristol Channel 229

EDYVEAN, R. G. J., RANDS, G. A. and MOSS, B. L., A comparison of diatom colonization on natural and artificial substrata in seawater 233

NUMBER 3, MARCH 1985

FROELICH, P. N., KAUL, L. W., BYRD, J. T., ANDREAE, M. O. and ROE, K. K., Arsenic, barium, germanium, tin, dimethylsulfide and nutrient biogeochemistry in Charlotte Harbor, Florida, a phosphorus-enriched estuary 239

WOODROFFE, C. D., Studies of a mangrove basin, Tuff Crater, New Zealand: I. Mangrove biomass and production of detritus 265

REQUEJO, A. G. and QUINN, J. G., C_{25} and C_{30} biogenic alkenes in sediments and detritus of a New England salt marsh 281

HARDY, J. T., APTS, C. W., CRECELIUS, E. A. and BLOOM, N. S., Sea–surface microlayer metals enrichments in an urban and rural bay 299

BURNS, K. A., VILLENEUVE, J.-P. and FOWLER, S. W., Fluxes and residence times of hydrocarbons in the coastal Mediterranean: how important are the biota? . 313

BARNBY, M. A., COLLINS, J. N. and RESH, V. H., Aquatic macroinvertebrate communities of natural and ditched potholes in a San Francisco Bay salt marsh 331

CONNOLLY, J. P. and TONELLI, R., Modelling kepone in the striped bass food chain of the James River estuary 349

NOTES AND DISCUSSIONS

PAEZ-OSUNA, F. and MANDELLI, E. F., ^{210}Pb in a tropical coastal lagoon sediment core 367

NUMBER 4, APRIL 1985

DE ANGELIS, M. A. and GORDON, L. I., Upwelling and river runoff as sources of dissolved nitrous oxide to the Alsea estuary, Oregon 375

SANDERS, J. G. and OSMAN, R. W., Arsenic incorporation in a salt marsh ecosystem 387

WHITEHOUSE, B., The effects of dissolved organic matter on the aqueous partitioning of polynuclear aromatic hydrocarbons. 393

ZEEMAN, S. I., The effects of tropical storm Dennis on coastal phytoplankton . . 403

SHORT, F. T., DAVIS, M. W., GIBSON, R. A. and ZIMMERMAN, C. F., Evidence for phosphorus limitation in carbonate sediments of the seagrass *Syringodium filiforme* 419

WOODROFFE, C. D., Studies of a mangrove basin, Tuff Crater New Zealand: II. Comparison of volumetric and velocity–area methods of estimating tidal flux . 431

WOODROFFE, C. D., Studies of a mangrove basin, Tuff Crater, New Zealand: III. The flux of organic and inorganic particulate matter 447

FOSTER, P., BEARDALL, J., VOLTOLINA, D. and SAVIDGE, G., The effects of wind, phytoplankton and density discontinuities upon ammonia distributions in Liverpool Bay 463

HARRISON, S. J., Heat exchanges in muddy intertidal sediments: Chichester Harbour, West Sussex, England 477

MAYER, L. M., RAHAIM, P. T., GUERIN, W., MACKO, S. A., WATLING, L. and ANDERSON, F. E., Biological and granulometric controls on sedimentary organic matter of an intertidal mudflat 491

NOTES AND DISCUSSIONS

OWENS, N. J. P., Variations in the natural abundance of ^{15}N in estuarine suspended particulate matter: a specific indicator of biological processing . 505

NUMBER 5, MAY 1985

OEY, L. Y., MELLOR, G. L. and HIRES, R. I., Tidal modeling of the Hudson–Raritan estuary 511

PRISCU, J. C. and DOWNES, M. T., Nitrogen uptake, ammonium oxidation and nitrous oxide (N_2O) levels in the coastal waters of Western Cook Strait, New Zealand 529

TWILLEY, R. R., The exchange of organic carbon in basin mangrove forests in a southwest Florida estuary 543

BLAKE, B. F., DIXON, T. J., JONES, P. H. and TASKER, M. L., Seasonal changes in the feeding ecology of guillemots (*Uria aalge*) of north and east Scotland . . 559

YINGST, J. Y. and RHOADES, D. C., The structure of soft-bottom benthic communities in the vicinity of the Texas Flower Garden Banks, Gulf of Mexico . 569

DITTEL, A. I., EPIFANIO, C. E. and CHAVARRIA, J. B., Population biology of the Portunid crab *Callinectes arcuatus* Ordway in the Gulf of Nicoya, Costa Rica, Central America 593

GASTON, G. R., Effects of hypoxia on macrobenthos of the inner shelf off Cameron, Louisiana. 603

PRANDLE, D., On salinity regimes and the vertical structure of residual flows in narrow tidal estuaries 615

NUNES, R. A. and SIMPSON, J. H., Axial convergence in a well-mixed estuary . . 637

NUMBER 6, JUNE 1985

SOUTHGATE, T. and MYERS, A. A., Mussel fouling on the Celtic Sea Kinsale Field gas platform 651

VOJAK, P. W. L., EDWARDS, C. and JONES, M. V., Evidence for microbiological manganese oxidation in the River Tamar estuary, South West England . . . 661

HAMILTON, P., GUNN, J. T. and CANNON, G. A., A box model of Puget Sound . 673

JOHNSON, D. F., The distribution of brachyuran crustacean megalopae in the waters of York River, Lower Chesapeake Bay and adjacent shelf: implications for recruitment 693

MINELLO, T. J. and ZIMMERMAN, R. J., Differential selection for vegetative structure between juvenile brown shrimp (*Penaeus aztecus*) and white shrimp (*P. setiferus*), and implications in predator–prey relationships 707

BALLS, P. W., Trace metal fronts in Scottish coastal waters. 717

HINES, M. E. and JONES, G. E., Microbial biogeochemistry and bioturbation in the sediments of Great Bay, New Hampshire 729

AMBLER, J. W., Seasonal factors affecting egg production and viability of eggs of *Acartia tonsa* Dana from East Lagoon, Galveston, Texas. 743

ASTON, S. R., ASSINDER, D. J. and KELLY, M., Plutonium in intertidal coastal and estuarine sediments in the Northern Irish Sea 761

BEROUNSKY, V. M. and NIXON, S. W., Eutrophication and the rate of net nitrification in a coastal marine ecosystem. 773

Index to Volume 20

Note: The subject index is based upon the keywords allocated to each paper. The keywords are rotated in order so that each one appears once as the first index term. The complete list of permitted keywords is published in *Estuarine, Coastal and Shelf Science* **20**(1), i–xl.

Air–water exchange; microbial activity; rivers; Oregon; nitrogen cycle; estuaries; upwelling, 375
Alkenes; hydrocarbons; detritus; sediments; salt marsh; *Spartina alterniflora*; size fractionation, 281
AMBLER, J. W., Seasonal factors affecting egg production and viability of eggs of *Acartia tonsa* Dana from East Lagoon, Galveston, Texas, 743
Amino acids; Maine Coast; sediment–water interface; sediment texture; organic coatings; organic matter; biogeochemistry; mudflats, 491
Ammonia; density discontinuities; phytoplankton; wind, 463
Ammonium ions; oxidation; uptake; upwelling; nitrogen cycle, 529
Anchor stations; water balance; salt balance; sediment balance; England coast; Tamar Estuary; estuarine circulation, 147
ANDERSON, E., *see* SPAULDING, M. L., 41
ANDERSON, F. E., *see* MAYER, L. M., 491
ANDREAE, M. O., *see* FROELICH, P. N., 239
Annelida; Clyde Sea area; sublittoral; kelp decay; *Platynereis dumerilii*, 117
Annelida; Louisiana; hypoxia; macrobenthos; population composition; Polychaeta, 603
Annual variations; Bristol Channel; tides; sea levels; flood; frequencies, 229
APTS, C. W., *see* HARDY, J. T., 299
Arsenic; barium; germanium; tin; organic compounds; biogeochemistry; estuary; Florida; phosphorus, 239
Arsenic; uptake; biogeochemistry; bioaccumulation; salt marshes; Delaware Bay, 387
ASSINDER, D. J., *see* ASTON, S. R., 761
ASTON, S. R., ASSINDER, D. J. and KELLY, M., Plutonium in intertidal coastal and estuarine sediments in the northern Irish Sea, 761
Australia west coast; sedimentation; sediment traps; sediment entrainment; wind; shallow waters; coastal plain estuaries, 135
Bahamas; phosphorus; seagrasses; nutrients; limitation; carbonate sediments; geochemistry; *Syringodium filiforme*, 419
BALLS, P. W., Trace metal fronts in Scottish coastal waters, 717
Barium; germanium; tin; organic compounds; biogeochemistry; estuary; Florida; phosphorus; arsenic, 239
BARNBY, M. A., COLLINS, J. N. and RESH, V. H., Aquatic macroinvertebrate communities of natural and ditched potholes in a San Francisco Bay salt marsh, 331
Basses; food chains; mathematical models; contamination, 349
BAUTISTA, J., *see* DITTEL, A. I., 593
Bay of Fundy; salt marshes; primary production; exports, 205
BEARDALL, J., *see* FOSTER, P., 463
BEDFORD, A. P. and MOORE, P. G., Macrofaunal involvement in the sublittoral decay of kelp debris: the polychaete *Platynereis dumerilii* (Audouin and Milne-Edwards) (Annelida: Polychaeta), 117
BEDFORD, A. P. and MOORE, P. G., Macrofaunal involvement in the sublittoral decay of kelp debris: the sea urchin *Psammechinus miliaris* (Gmelin) (Echinodermata: Echinoidea), 19
Benthic environment; Gulf of Mexico; sediments; drilling mud, 569
BEROUNSKY, V. M. and NIXON, S. W., Eutrophication and the rate of net nitrification in a coastal marine ecosystem, 773
Bioaccumulation; salt marshes; Delaware Bay; arsenic; uptake; biogeochemistry, 387
Biogeochemistry; bioaccumulation; salt marshes; Delaware Bay; arsenic; uptake, 387
Biogeochemistry; bioturbation; sedimentary; infauna; iron; dissolved organic carbon; nutrients; New Hampshire Coast, 729

Biogeochemistry; estuary; Florida; phosphorus; arsenic; barium; germanium; tin; organic compounds, 239
Biogeochemistry; mudflats; amino acids; Maine Coast; sediment–water interface; sediment texture; organic coatings; organic matter, 491
Biomass; detritus; decomposition; New Zealand; mangrove swamps; organic matter, 265
Biomass; diversity; San Francisco Bay; salt marshes; salt pans; invertebrata; macrobenthos, 331
Bioturbation; sedimentary; infauna; iron; dissolved organic carbon; nutrients; New Hampshire Coast; biogeochemistry, 729
Birds; fisheries; North Sea; diet, 559
Biscayne Bay; fish larvae; microzooplankton; variability; patchiness, 79
BLACKMAN, D. L., New estimates of annual sea level maxima in the Bristol Channel, 229
BLAKE, B. F., DIXON, T. J., JONES, P. H. and TASKER, M. L., Seasonal changes in the feeding ecology of guillemots (*Uria aalge*) off north and east Scotland, 559
BLOOM, N. S., *see* HARDY, J. T., 299
Box model; residence time; salinity; stratification; transport; Puget Sound; estuarine circulation, 673
Bristol Channel; tides; sea levels; flood; frequencies; annual variations, 229
BURNS, K. A., VILLENEUVE, J.-P. and FOWLER, S. W., Fluxes and residence times of hydrocarbons in the coastal Mediterranean: how important are the biota?, 313
BYRD, J. T., *see* FROELICH, P. N., 239
Cadmium; fronts; coastal waters; trace elements; copper, 717
CANNON, G. A., *see* HAMILTON, P., 673
Carbon; detritus; wetlands; Florida; estuaries; mangroves; exports; organic matter, 543
Carbonate sediments; geochemistry; *Syringodium filiforme*; Bahamas; phosphorus; seagrasses; nutrients; limitation, 419
Celtic Sea; mussels; fouling; offshore platforms, 651
Central American West Coast; population composition; life cycles; crabs; migration; recruitment; seasonal variations; estuaries, 593
Chesapeake Bay; crabs; larvae; distribution; recruitment, 693
Circulation; estuaries; downwelling; Wales; fronts; convergence, 637
Climatic effects; sex ratios; mortality; seasonal variation; English coast; Isopoda; estuaries; population dynamics, 105
Clyde Sea area; sublittoral; kelp decay; *Platynereis dumerilii*; Annelida, 117
Coastal area; Japan; water quality; phytoplankton; spatial distribution; diversity index; gradient; eutrophication, 169
Coastal lagoons; lead; cumulative weight; sedimentation rates; X-radiography, 367
Coastal plain estuaries; Australia west coast; sedimentation; sediment traps; sediment entrainment; wind; shallow waters, 135
Coastal waters; estuaries; tropical storms; phytoplankton; primary production, 403
Coastal waters; trace elements; copper; cadmium; fronts, 717
Coasts; estuaries; intertidal environment; Irish Sea; plutonium; sediments, 761
Cod; haddocks; oil spills; fisheries; environmental impact studies; numerical model; Georges Bank, 41
COLLINS, J. N., *see* BARNBY, M. A., 331
Colonization; North Sea; sandstone; steel; paints; diatoms, 233
Concentration; microbial activity; temperature; salinity; particulate matter; English coast; manganese; oxidation, 661
CONNOLLY, J. P. and TONELLI, R., Modelling Kepone in the striped bass food chain of the James River estuary, 349
Contamination; basses; food chains; mathematical models, 349
Contamination; estuaries; mercury; particulate matter; suspended matter; sediments; organic compounds, 183
Convergence; circulation; estuaries; downwelling; Wales; fronts, 637
Copepoda; egg laying; hatching; seasonal variations; diet; temperature responses; lagoons; Texas Coast, 743
Copper; cadmium; fronts; coastal waters; trace elements, 717
Crabs; larvae; distribution; recruitment; Chesapeake Bay, 693

Crabs; migration; recruitment; seasonal variations; estuaries; Central American West Coast; population composition; life cycles, 593
CRANFORD, P. J., *see* GORDON, D. C., Jr., 205
CRECELIUS, E. A., *see* HARDY, J. T., 299
Cumulative weight; sedimentation rates; X-radiography; coastal lagoons; lead, 367
Current profile; vertical circulation; energy exchange; tidal estuaries; salt intrusion, 615
CZCS; English Channel; tides; island wakes; mixing; numerical model; drogues; remote sensing, 1
